

VOLUME 14

NUMBER 72

JOURNAL  
OF THE  
RADIO RESEARCH LABORATORIES

---

MARCH 1967

CONTENTS

- I. Further Experimental Study of Scattering propagation  
Caused by the Field Aligned Irregularities in VHF Bands . . . . .  
*I. Kuriki, K. Uchikura, S. Kainuma and Y. Masuda* 57
- II. Characteristics of Laser-Produced Plasma in the Space  
Chamber . . . . . *By M. Hirono and I. Iwamoto* 79
- III. An Application of the Methods of Quantum Mechanics in the  
Statistical Theory of Waves in a Fluctuating Medium . . . . .  
*By K. Furutsu* 99
- IV. Photo-Induced Microwave Response in SbSI Crystals . . . . .  
*By H. Iwasaki* 125
