

JOURNAL
OF THE
RADIO RESEARCH LABORATORIES

MARCH 1984

CONTENTS

- I. Analysis of Scalar Wave Scattering from Slightly
Rough Surfaces: A Multiple Scattering Theory *By S. Ito* 1
- II. An Omnidirectional Antenna for Measuring Power Density
of Radio Waves Radiated in Urban Districts
. *By T. Kawana, A. Tsuzuku, A. Sugiura,
K. Tokushige, and Y. Yamanaka* 19
- Short Note
- III. The First US-JAPAN VLBI Test Observation by Use of
K-3 System at the Radio Research Laboratories
. *By VLBI Research and Development Group, RRL.* 31
- IV. Notice 39
